

April 16, 2012

Good day everyone. Great day for an Antique radio Meeting. We have 18 members on hand and a great program in store.

Gene opened the meeting and we started with the announcement about the Iowa Antique Radio Clubs auction on May 5th. All the info can be found on the web site. Next we discussed the upcoming Tune UP on April 28th at Dan Weilacher's house at 9:00am.

Remember if you have never been to a tune up it's lots of fun. It's more fun if you have a radio you just not having any luck getting it going. Bring it that's what this is all about.

Sizzler in June it's coming up fast.

Also remember the give away radios for Joe's to promote the Sizzler. The suggestion has been brought up to have the winners have to pick up their radio's at the sizzler.

Program by Randy Beason. It's on Black Bandit Radio during WWII.

A great show and tell was up next then the always great donation auction.

There was a Hallicrafters am/fm radio which in its day was sold without a cabinet.

Nice little Emerson went to Wayne. Curt bought a pack of 8 4 prong tubes. Gene now has a nice house intercom and tape player. If nothing else it has a great speaker. I bought a nice Zenith am/fm radio really good shape. Bob ended up for 1.00 dollar two boxes of STUFF. One box had about 8 computer type fans. What a deal.

Hope to see everyone next month when we get the last things tied up before the sizzler in June.

Respectively yours John HLARA SEC.
