

There is usually no monthly meeting in June since that is the month for the Summer Sizzler; however, this year the Sizzler will be in July. There will be regular monthly meetings this year in June and July.

The meeting was called to order at 6:30 PM by Earl Stutzman. The minutes posted on the website were approved pending the following correction: Bill Satterfield had been omitted from the attendees list at the May meeting. Earl Massoth gave the treasurer's report. We have money and no debts.

Old Business: The Summer Sizzler will be July 31, the last Saturday in July, at Asbury United Methodist Church. We will also have a regular monthly meeting in July. The Bill Satterfield estate sale ran from June 2 through the 5th. Nearly all the radios were sold. Bill Burden lives in Grove and has a Grundig Majestic 5088 that needs repair. This is a German radio and no one offered to work on it.

No new business.

Earl Massoth presented the ABCs of Signal Tracing. Video slides illustrated the points in the radio where signals could be measured and which probes to use. There was a good selection of signal tracers on display. Earl had an Eico 147A in excellent working condition with the RF and audio signal probes.

Show and Tell:

Various signal tracers: Eico, Heathkit, Knight

Door Prize winner: Mark Gabby - 1932 Majestic 420 with custom AC power supply.

Auction: Sylvania plastic radio, ABC of Electronic Test Equipment, Popular Radio July 1924, Popular Radio March 1925, Radio Operating Questions and Answers 1955, Zenith console speaker, Jackson 605D audio signal generator, Crosley plastic radio.
