

The meeting was called to order at 6:30 PM by Earl Stutzman. The minutes for January 20, 2022 were approved as posted on the HLARA website. Earl Massoth gave the treasurer's report. The annual fee for the website hosting service was paid. There are no outstanding debts and there is money in the bank.

Ron Lander introduced a discussion about moving the monthly meeting to another day of the week instead of the third Thursday. It was noted that the third Thursday was specified in the Constitution and Bylaws as the regular meeting date. There was no agreement to change the date. Ron also recommended that there be a means of notifying all members if a meeting is canceled. He suggested a group text message. We currently have the ability to send an email notification to all members and also post messages on the HLARA website. Members need to check their email or the website just before leaving their house if in doubt about a last minute meeting cancellation.
