

The meeting was called to order at 6:30 PM by Earl Stutzman. The minutes for June 16, 2022 were approved as posted on the HLARA website. Earl Massoth gave a treasurer's report. \$32 was collected at the June meeting from auction sales. There are no outstanding debts. There were two guests: Rick Bahlinger and Rick Bumgartner.

The HLARA Summer Sizzler contest and swap meet will be in just two days, Saturday, July 23rd. Early setup will be Friday from 3:00-6:00 P.M. The event opens to the public on Saturday morning at 9:00 A.M. The radio in the raffle this year is a Kadette 77.

Bradley Cobb showed a Philco Microphone/Speaker used with wire recorders

Randy Beeson showed a Travler 50-61 radio

Earl Stutzman showed a portable Tektronix Oscilloscope model THS720A

Jared Chapa showed a mercury arc rectifier

Steve Richards showed a digital frequency display he built for a short wave receiver

Gene Vickery showed a MK-328 LCR tester

The presentation was a video about the 500,000 watt WLW radio transmitter. The transmitter was designed and built by RCA, GE, and Westinghouse. RCA gave it the designation RCA 1. This was an excellent follow up to the Crosley Super Power Radio receiver presented last month.

The door prize winner was Jared Chapa who picked a pink GE radio from the auction table.

The auction included a large Airline table radio, 2 magazines, HP VTVM model 4124, dial gasket for Zenith radios, box of 78 records, RCA 45 record player.

Attending were Rick Bahlinger, Randy Beeson, Rick Bumgartner, Jared Chapa, Bradley Cobb, Wes Eaton, Mark Gabby, Adrian Gilstrap, Shelton Hahn, Joe Kleiner, Ron Lander, Rick Larkin, Eldon Loomis, Earl Massoth, Mary Murray, Walt Murray, Scott Petty, Steve Richards, Monty Smith, Earl Stutzman, Gene Vickery.
