

The meeting was called to order at 6:30 PM by Earl Stutzman. The minutes for July 21, 2022 were approved as posted on the HLARA website. Earl Massoth gave a treasurer's report. From the auction at the July meeting we collected \$45. At the Sizzler we collected \$32 from auction sales and \$176 from the radio raffle. There are no outstanding debts.

Earl Stutzman announced that the Broken Arrow Ham Radio Club may have an indoor swap meet at Asbury. The date has not yet been decided. All are welcome. HLARA members will receive an email if/when a date is selected.

Rick Larkin made a presentation about the history of Hallicrafters, founded by Bill Halligan in 1933. The first product was the Skyrider. Following WWII, Hallicrafters received 11 awards from the US Army and Navy including a "Certificate of Achievement" from the Navy, the first of its kind. The Breaker Corp. purchased Hallicrafters in 1975, ending all production.

Bradley Cobb showed a Hallicrafters S40, \$129.95 when new

Eldon Loomus showed the Hallicrafters version of a Zenith transoceanic

David Cox showed a Hallicrafters S30 direction finder.

Gene Vickery showed a Hallicrafters S38E, and a 3-tube AM transmitter, and a homemade version

Jerome Thomas showed a Hallicrafters 5R40/41

Randy Beeson showed a Hallicrafters S53A

Jared Chapa showed a Hallicrafters S38B

Ron Lander demonstrated a Dayton audio exciter attached to a Styrofoam board

Walt Murray won the door prize which was the Hallicrafters S40 donated by Brad Cobb.

The auction included a box of tubes (mostly TV types), an Arborphone radio, a book (Radios by Hallicrafters), and a clock radio.
