

The meeting was called to order at 6:30 PM by Earl Stutzman. The minutes for April 20, 2023 were approved as posted on the HLARA website. Earl Massoth gave a treasurer's report. There are no outstanding debts. Earl Stutzman reminded members that the Summer Sizzler was scheduled for July 15, 2023. It would be held in the Family Room at Asbury.

Mary Murray presented a history of Crosley Radio pointing out that Powel Crosley manufactured many other things besides radios such as cars, appliances, record players, and even a vacuum tube that was different enough from the RCA tube that it didn't require licensing from RCA. The vacuum tube business later became Kenrad. His goal was to offer whatever he made at a substantially lower price than the competition. In 1945 Avco acquired the Crosley company.

Show and Tell:

- Mary Mrray - Blue Crosley 11-101U,
- Bradley Cobb - AM/FM 1950 Crosley 10-127
- Al Stevens - Crosley D25 CE chartreuse
